

CLAYTON COUNTY COMMUNITY SERVICES AUTHORITY INC.

2018 -2019 School Year 1st Family Outcome Checkpoint

Fall Early Head Start –Child Care Partnership

The Clayton County Community Services Authority Inc., Early Head Start – Child Care Partnership Program, conducted its Family Outcomes Analysis for the 2018 -2019 school year using the Child Plus Monitoring System data. The outcome data based on each categories was counted, tabulated, divided per number of activities to get the actual average number of families, then graphed to show families progress such as – Strength (3 scores being highest) Making progress (2 scores being the mid scores) and Need Assistance (1 score being the lowest scores). The outcome assessment is conducted 3 times per each school year, and these are called Checkpoint –Fall, Winter, Spring. This Family Outcome Analysis below shows the progress made during the 1st, 2nd and 3rd Checkpoint Reports. The program goal / target is to ensure that areas of “need assistance by families”, will progress from need assistance to strengths.
